CORBETT THE VICTOR!

THE ENGLISHMAN KNOCKED OUT IN THE THIRD ROUND.

A SHORT BUT EXCITING BATTLE!

Betting 100 to 40 on Corbett.

THE MILITIA REMAINED INACTIVE.

No Attempt Made to Stop the Scrap.

JACKSONVILLE, Jan. 25.—Mitchell at the Everett, Corbett believed to be in town also but his whereabouts are kept secret. Work on seats on arena is actively progressing. Everything is in readiness now. Betting 100 to 40 on Corbett. Mitchell money scarce. Weather rainy.

Betting at last night's St. James' Windsor was heavy at odds 100 to 40 on Corbett, Mitchell money was scarce at Clifton. Despite very heavy rain this morning, demand for tickets at the rooms of the Duval Club was something astonishing. Sports are still arriving on all trains from all parts of the country and the big fight is the chief topic of conversation. It is evident that the turn of affairs which took place yesterday in this city did not reach State of Georgia as Governor of that state is still guarding border line. Last night two companies were unloaded from special into swamp on border line. There is not a house within ten miles of place and troops were left there in lonely spot in drenching rain to await results. Corbett is in the city at private residence of a friend. He will start north Friday morning no matter whether he wins or loses the battle.

Mitchell appears in pink of condition and there is better disposition to back him this morning though 300 to 100 are quoted by his admirers. Corbett is still invisible. All sorts of rumors are flying about as the cause of his non-appearance.

REFEREE KELLY.

Ocala rifles remain in town and the club, in its jubilation for court victory, offers to admit militia men at reduced prices of ten dollars each for those who may present themselves uniformed. Corbett arrived at 10.45 accompanied by Mrs. Corbett, John Ward, Delaney and Brady. The captain of the New York club said the champion was in first-class condition for the fight, the entire party were driven to quarters near the arena. Weather is very showery, people are crowding towards the fair grounds.

MITCHELL CONFIDENT OF WINNING.

Today no one knows where Corbett was, enquiry at Newport and Ferry house led to the discovery that rail-

roads officials actually feared that his train had been wrecked but these fears were dispelled by the arrival of Corbett at 10.45 in good condition. It is rumored that the \$20,000 check was cashed by Kelly this morning. Corbett was accompanied from Mayport by Mrs. Corbett, Brady and numbers. Party was driven to quarters near the arena at 11 o'clock. Weather cleared somewhat, streets thronged with strangers and there has been tall rustling for transportation from principal hotels. There's hardly any betting. Mitchell's confidence astonishes everybody. He's in great spirits and jolly to a remarkable degree. He says he is sure of defeating Corbett. He is quartered in a private house. Corbett is fully as hopeful as Mitchell of winning the fight. Crowds were leaving as early as 11.30 for arena, among those who will see the fight is fighting Bob Evans of Chilian fame, who is out here in connection with light house service, he is accompanied by Commander Whiting, who was recently married in Honolulu, ex-Senator Felton of California, is with naval party. He has a

small bet on fellow countryman but will not go to see fight.

CORBETT A HOT FAVORITE.

1 p.m. At this hour fully one thousand people in arena, club officials now say that there is no fear of interference. Neither principals arrived, but confidently believed that both will appear at the ring at appointed time. Corbett continues a hot favorite, crowds in arena very orderly, none of the Militia took advantage of the club's liberal offer to see fight at \$10 per head.

Ring is on a raised platform enclosed with ropes and padded stakes. Arrangements are being made for lighting arena, should contest be prolonged to night fall. Rain still falling and those in arena have little shelter as it is only partially roofed.

CORBETT AND MITCHELL IN THE RING.

Corbett was the first to ascend the raised platform of the ring. He shook hands with Billy Madden. His appearance brought down the house. He was cheered again and again. A squad of militia stood outside the gate of the arena but were unarmed and evidently not there in any spirit of hostility. Corbett appeared in his bath robe and put on sometime after ascending the platform in testing it.

MITCHELL ARRIVED

at 11.10. Both men appeared in perfect condition. Mitchell upon entering sized Corbett up in quite a deliberate manner and when through smiled rather contemptuously. Five minutes after Mitchell entered the ring Referee Kelly crossed ropes and shook hands with both men at 14.22. Corbett and Mitchell shook hands and the contest commenced.

FIRST ROUND.

Corbett led with left on Mitchell's chin, they clinched and exchanged body blows, and Jim reached Charlie's left eye, heavily. Mitchell reached Corbett's ribs. Another exchange and Mitchell clinched, Mitchell got in on Corbett's neck and Jim landed

right and left just as time is called Mitchell landed a good body blow. Honors were easy in first round.

SECOND ROUND

A wild exchange and a clinch, Corbett worked the upper cut on his man as they came together. Mitchell landed hard on ribs and as Mitchell came

FIGHTING BOB EVANS.

in Corbett caught him on the head staggering him. Corbett upper cut Mitchell again and landed with right on Charlie's ribs, Mitchell reached Corbett's chin; a sharp rally with Corbett having all the best of it. Mitchell hit Corbett twice on neck and Corbett knocked Mitchell down twice, then Jim floored his man cleanly and knocked him down again, as he tried to rise. The gong saved Mitchell.

THIRD ROUND.

Mitchell came up rather groggy, Corbett rushed at him hitting with right and left on neck, Mitchell was knocked down. He took the full time allowed and then rushed at Corbett; they clinched, but Corbett floored him with a blow in the face. Again Mitchell took all the time allowed to rise, and when he advanced Corbett swung on Mitchell and he fell on his face helpless. The referee counted "one, two three, four, five, six, seven, eight, nine Mitchell is knocked out" and the referee declared Corbett the winner of the match and champion of the world. Mitchell's face was covered with blood, he was carried to his corner in a helpless condition. Time of fight was nine minutes. It was Corbett's fight from the first round.

CREAMERY MEETING!

Relief From Financial Difficulty. Preparations for an Early Start in Spring.

A special general meeting of the shareholders of the Moose Jaw Creamery Association (Limited) was held in the town hall on Tuesday evening Jan'y 23rd, for the purpose of laying before the shareholders the financial position of the company and to discuss the methods to be adopted to meet the coming liabilities.

The difficulty they had in the past in trying to obtain a loan, not being able to satisfy the lender with sufficient security was surmounted by the generous assistance offered by some of the shareholders to become bondsmen by giving individual security along with the mortgage on the property. Upon receiving the needed assistance a motion was passed that Mr. Watson be instructed to communicate with the party advancing the money and obtain the loan as soon as possible. Mr. Powell attended the meeting in reference to some of the farmers in the vicinity of Caron who wish to become patrons, he said that if arrangements can be made to provide separators that the milk of about eighty cows can be obtained at that station, he also reported the separator at Caron to be working satisfactorily.

The Directors are busily engaged in making preparations for an early start in the spring, and think the prospects are good. They ask the farmers who wish to send milk to the Creamery to communicate with the Secretary and by this means they will greatly assist the directors in getting these matters arranged and establishing milk routes throughout the district. Mr. Bogue moved that the thanks of the shareholders be tendered to the Directors of the Company, which was carried unanimously.

ANARCHISM IS RIFE.

The Red Flag Raised as a Standard in Berlin.

BERLIN, Jan. 18.—An anarchist named Rodrian issued a call a few days ago for the unemployed workmen to hold a meeting at a brewery at Friedrichshagen, a suburb of Berlin. The meeting was to have been held to-day, but the police took Rodrian into custody last night, and the news of his arrest quickly spread. Quite a number of men proceeded to the brewery, but there was no attempt at speech-making. Later in the day a crowd gathered before the Konigsplatz and acted in a very disorderly manner. The police ordered them to disperse, and on the refusal to obey the order, charged the crowd with drawn swords, scattering the rioters in every direction. Several times afterwards the mob attempted to gather but the police prevented them. Conflicts were frequent and many of the rioters were hurt though none seriously. A large number of arrests were made. It is evident that the police think the situation threatening. Count Stiffler, chief of the criminal police, is personally directing the entire force, which includes the reserves which have been called out.

The Kleine Journal publishes an account of the trouble between the police and unemployed workmen which, it says, was reported by and even witnessed. It charges that the action of the police was entirely without cause. The unemployed who had gone to the brewery to attend the proposed meeting were leaving the building, after having learned that the meeting would not be held. As was natural they gathered in groups to discuss the situation, and a few lingered near the exits. They showed no lawless intent; in fact, many of those about the brewery were on lockers and of the higher class. Colonel Von Egdy, the anti-semitic politician, was present. He had a narrow escape from being clubbed to death by two overzealous policemen. Other reports state that a crowd gathered near Georges' cemetery and clamored for work. The use of dynamite was mentioned and the crowd cheered. When the police charged the crowd ran down the Friedenstrasse. As the doors of the houses and shops had been closed in expectation of trouble it was difficult for the fugitives to find refuge. Many who sought shelter in courtyards or hallways were followed by the police and arrested. At 7 o'clock the city was quiet.

WINNING LINDA.

How a Bashful Lover was Made to do the Right Thing.

The mountaineer and his wife had to go down the valley about a mile to see a sick neighbor, and I was left at the cabin with their daughter, a girl of 18. As soon as she had cleared off the supper table and while I sat on the doorstep smoking she put on a clean apron, arranged her hair a bit and blushed very red as she said to me: "Him's coming to see me to-night, and him's very eeky and—"

"Do you mean that your young man is coming?" I asked.

"Reckon him is."

"And he's bashful?"

"Him can't scarcely abide dad and mum."

"I see. He'd be scared off if he found me here. Well, I'll take a walk and get out of the way."

"No, no! You're perfectly proper. I'll go out and sit down on the log, and you stay here."

"Oh, that's it! Well, don't you mind me in the least. Just tell the young man I've been there—myself and know how one feels about it."

The log was only 50 feet away, and she hadn't been sitting there over five minutes when "him" appeared. He had probably been in hiding some where near. All that I could see was that he was a young man and very bashful and awkward. He sat down about 10 feet away from her, and it was five minutes before either spoke. Then he remark:

"Powerful sight of rain long back, Linda."

"Why, Jim, it hasn't showered in two weeks!"

"Hain't it?"

"Why, no. You don't got mixed up with last year."

"Reckon so," he replied, and somehow the distance between them suddenly diminished one-half. It was bright moonlight, but owing to a haze in the atmosphere I couldn't exactly tell whether she moved, he hitched or the log suddenly shrank five feet endways.

"Who's him?" inquired Jim as he nodded his head in my direction.

"Stranger gwine further up," she answered. "Yo' hain't no call to be skeered of him nor nobody."

"Who's skeered?"

"Reckon you is."

"Shoo! Never was skeered in my life. Linda, does yo' dad like me?"

"Reckon he do."

"And yo' mam?"

"Reckon she do."

"And, Linda?"

He stopped there for a long, long time, and Linda coughed and giggled over his embarrassment. By and by she said:

"Dad says you's come powerful nigh killin a bar last week."

No reply.

"Mam says you's took up them 10 acres of land above Parker's."

No reply.

"Dad says you's gwine to build a cabin up there—tel he he!"

No reply.

"Has you's lost yo' tongue, Jim?" she asked after a long pause.

"Co'se not. I was thinking," he replied as he heaved a deep sigh.

"Reckon I know what 'twas—tel he he!"

"Reckon you don't?"

"Co'se I do! Dad likes yo', mam likes yo', and I!"

That log suddenly contracted again and brought them close together, and Jim's arm stole around Linda's waist as he finished the sentence for her with:

"And we's gwine ter be joined in the fall and live on them 10 acres. Linda, if him wasn't back then in that doud I'd shorely beg yo', I would."

I got out of "that doud" and took a long walk, and if Jim didn't take advantage of the occasion Linda's looks belied her when I returned.—Detroit Free Press.

The March Delineator.

The issue of "The Delineator for March is the great 'Spring Announcement Number,' and in its artistic display of New Styles and general attractiveness it is superior to any former number of this popular magazine. In addition to the usual entertaining reading there are several new features noticed this month, one being an original and decidedly fascinating Scarf Drill that will be immensely popular. Another is the resumption of the articles on the Uses of Crepe and Tissue Papers, with illustrations; and a third is the first of the promised series of papers on Hygienic Living. Some Dainty Cookery, Hints to Housewives, and the article on Household Renovation which treat of the Repairing and Polishing of the Woodwork of Furniture; while the mother of marriageable daughters will find food for serious thought in the concluding chapter of Child Life. The second installment of Gesture in Eloquence continues the subject in a masterly way. Novel and interesting forms for entertainments that are agreeable and expensive are discussed in A Social Club. Around the Tea-Table is as bright and chatty as usual, and Things that Ought not to be Said is practically and suggestively valuable. There is also Flower Culture for the month, and new and interesting designs in Knitting, Tatting, Netting, Crocheting, etc., etc. The March number is one of the best of the year with which to begin a subscription, which costs One Dollar; Single Copies 15 cents. Address orders to The Delineator Publishing Co. of Toronto (Ltd.), 33 Richmond Street West, Toronto, Ont.

Winnipeg Industrial Exhibition.

The annual meeting of the Winnipeg Industrial Exhibition Association was held on Thursday evening last. The financial statement showed receipts of \$27,634.95, and the expenditures amounted to within \$175 of this sum, of which over \$8,200 was paid in prizes, and \$7,485 in permanent improvements, leaving over \$10,000 for salaries, attractions, printing and advertising, office expenses, etc. To date \$35,708 have been expended on grounds and buildings, of which \$40,000 has been granted by the city, and \$15,708 paid out of the funds of the association.

THE GREAT SOUTH AMERICAN NERVINE TONIC

AND STOMACH AND LIVER CURE

The Wonderful HEALTH BUILDER & NERVE FOOD

Chronic Diseases are caused by Damaged Nerve Centres at base of the Brain.

LATE discoveries have absolutely proven that the Stomach, Liver, Lungs, and indeed all internal organs, are controlled by the nerve centres at the base of the brain. The manufacture of SOUTH AMERICAN NERVINE has studied this subject closely for more than twenty-five years, and has lately demonstrated that two-thirds of our Chronic Diseases, are due to the imperfect action of nerve centres, either within or at the base of the brain and not from a derangement of the organs themselves; hence that the ordinary methods of treatment are wrong.

As all know, a serious injury to the spinal cord, will at once cause Paralysis of the body below the injured part, it therefore will be equally well understood, how the derangements of the nerve centres, will cause the derangement of the different organs of the body which they supply with Nerve Fluid or Nerve Force.

The wonderful success of SOUTH AMERICAN NERVINE is due alone to the fact that it is based on the foregoing principle. The use of a single bottle of this remedy will convince the most incredulous. It is indeed, a veritable Nerve Food and Will Relieve in One Day the varied forms of Nervous Disease and Stomach Troubles.

Nervous Diseases.

This class of diseases, is rapidly increasing each year, on account of the great wear our mode of living and labor imposes upon the nervous system. Nine-tenths of all the ailments to which the human family is heir, are dependent upon nervous exhaustion, impaired digestion, and a deteriorated and impoverished condition of the blood. The SOUTH AMERICAN NERVINE is a great nerve food and nerve builder and accounts for its marvellous power to cure the varied forms of nervous disease, such as Neuritis, Nervousness, Nervous Prostration, St. Vitus's Dance, Nervous Choking, Nervous Paroxysms, Twitching of the Muscles, Hot Flashes, Mental Dependancy, Forgetfulness, Sleeplessness, Restlessness, Nervousness of Females, Palpitation of the Heart, Sexual Weakness, etc., etc.

A SURE CURE FOR ST. VITUS'S DANCE.

My daughter, twelve years old, had been afflicted for over a month with St. Vitus's Dance. She was reduced to a skeleton, could not walk, could not talk, could not swallow anything but milk. I had to handle her like an infant. Doctors and medicines gave her up. I commenced giving her the SOUTH AMERICAN NERVINE Tonic, and the effects were very surprising. In three days she was rid of the nervousness, and rapidly improved. Four bottles cured her completely. I think the SOUTH AMERICAN NERVINE the greatest remedy ever discovered, and will recommend it to everyone.

A WONDERFUL CURE FOR

INDIGESTION AND DYSPEPSIA.

Loss of Appetite, Weight and Tenderness in the Stomach, Sour Stomach, Pain in the Stomach, Wind upon the Stomach, Nausea and Sick Stomach, Sick-Headache, Hiccough, Water-Brush, Heartburn, Vertigo and Dizziness, Sleeplessness, Frightful Dreams, etc.

The Stomach suffers more than any of the other organs from disease, because into it are taken so many indigestible and irritating substances as articles of food. In its great effort to digest these, it soon becomes weakened and diseased. Under such circumstances, it is not wonderful, that so many complain of indigestion and weak stomachs. When the Stomach fails to digest and assimilate the food, the whole body falls into a state of weakness and decay, for Nature has decreed that the body must constantly receive nutriment through the Stomach, to repair the waste of tissue constantly going on in the system.

The South American Nervine

is probably the greatest remedy ever discovered for the cure of all Chronic Stomach troubles, because it acts through the nerve centres. It gives marked relief in one day, and very soon effects a permanent cure. The first bottle will convince anyone that a cure is certain.

WHAT EX MEMBER OF PARLIAMENT, DECEMBER

E. TRIGGS, SAYS.

I have been for about ten years very much troubled with indigestion and have been treated by a number of physicians and found no benefit from them. I was recommended to try SOUTH AMERICAN NERVINE. I obtained a bottle, and I must say I have found very great relief, and have since taken two more bottles, and now feel that I am entirely free from indigestion, and would strongly recommend it to all who suffer from the above, to give SOUTH AMERICAN NERVINE an entirely free trial.

It will cure you.

HALFDOZEN, Blackford Co., Indiana, June 8, '93

South American Nervine Company.

GENTLEMEN: I received a letter from you May 27, stating that you had heard of my kind of nervousness, and from a copy of sickness of six years duration, through the use of SOUTH AMERICAN NERVINE, and asking for my testimonial. I will gladly state how I was afflicted and how I was delivered from my pain and suffering.

I was near thirty years old, when I took down with nervous prostration. Our family physician treated me, but without benefiting me in the least. My nervous system seemed to be entirely shattered, and I constantly had very severe shaking spells. In addition to this I would have vomiting spells, and there would be from eighteen to twenty days at a time that I could not retain anything on my stomach. Many consultations were held by physicians over my case, but they all agreed that I would never leave my bed. During the years I lay sick, my wife had an eminent physician from Dayton, Ohio, and from Columbus, Ohio, to come and examine me. They all said I could not live. I got to having spells like spasms, and would lie cold and stiff for a time after each. At last I lost the use of my body—could not rise from my bed or walk a step, and had to be lifted like a child; all the time suffering intense pain, and taking almost every known medicine. But at the time I could read a little, and one day saw an advertisement of your medicine and concluded to try one bottle. By the time I had taken one and one-half bottles I could sit up and take a step or two by being helped, and after I had taken five bottles in all I felt real well. The shaking went away gradually, and I could sit and sleep good, and my friends could scarcely believe it was I. I am now in the best of health for the world. It was a good deal to me, and I believe it saved my life. I give my name and address so that if anyone doubts my statement they can write me, or our postmaster or any citizen, as all are acquainted with my case. I am now forty-one years of age, and expect to live as long as the Lord has use for me and to do all the good I can in helping the suffering.

Wm. ELLIS SWIFT.

Will a remedy which can effect such a marvelous cure as the above, cure you?

A MINISTER OF THE GOSPEL SPEAKS.

PETTERBORO, Ontario, June 27, 1893

To the Proprietor of South American Nervine.

DEAR SIR,—I have much pleasure in recommending the great SOUTH AMERICAN NERVINE to all who are afflicted as I have been, with nervous prostration and indigestion. I found very great relief from the very first bottle, which was strongly recommended to me by my doctor. I also induced my wife to use it, who, I must say, was completely run down and was suffering very much from general debility. She found great relief from SOUTH AMERICAN NERVINE, and also cheerfully recommends it to her fellow sufferers.

CASH.

A prime necessity, you will agree! A few months ago we placed the school books department on a cash basis. The public might not at once, brought their cash and got their school books without suffering any inconvenience. We intend to apply the principle to the other branches of our business. The arrangements existing with customers who have always paid their accounts promptly will be continued, but we do not wish to open new accounts. The dispensing department will not be closed against anyone requiring medicine who has not the money to pay for it at the time; but we take it that this is all the stronger reason why it should be paid for at the earliest possible moment.

A SUCCESSFUL FARMER.

Successful Career of W. H. Stephens, an Indian Head Farmer.

INDIAN HEAD, N.W.T., Jan. 19.—In order to inform intending settlers on the rich prairie lands of the North-West Territories through the medium of the press what pluck, energy, perseverance and prudent management can accomplish in a comparatively short period of time, even with very limited means and under numerous other adverse conditions the successful career of W. H. Stephens is a just illustration. The subject of this correspondence, in the spring of 1883, took up a homestead and pre-emption six miles north-east of Indian Head and after paying the usual fees in such cases to the Dominion lands agents, and also the price of a yoke of oxen and plough, the amount of cash on hand was reduced to a minimum. However, after having built for himself as cosy a habitation as could be built under the peculiar circumstances in which he had been placed, he with a stout heart and willing hand commenced breaking the prairie land, which operation he continued during part of the summer back-setting in the fall. Although Mr. Stephens was a husband and father at the time he entered on his present holding, nevertheless he left the family in Ontario, and for three long years, with the exception of a few brief visits to his family during winter, he occupied the unenviable position of the isolated bachelor in his monotonous abode.

Being one of the early settlers, he in reality encountered many of the hardships and privations incidental to pioneer life in the early history of this now flourishing district but notwithstanding that and all the other numerous difficulties which he had to contend against, climatic influence included, he has succeeded most admirably in demonstrating in a very lucid manner not only the wonderful fertility of the soil, but also what indomitable courage and skillful cultivation can perform even under the most difficult and adverse conditions. As time rolled on his financial condition improved and has hitherto continued improving. In the early part of 1886 his wife and only child, a daughter, appeared on the scene. Their arrival soon changed the loneliness of the once monotonous abode to that of joy and happiness, thus giving the male head of the household a fresh incentive to greater exertions in his agricultural pursuits. Year after year he has added more broad acres to his already well cultivated farm, which at this period amounts to over 900 acres of choice land, 500 acres of which are in a high state of cultivation, the greater proportion being well prepared for this year's crop. His crop of 1893 amounted to 8,000 bushels of wheat of excellent quality, some of which averaged over forty bushels per acre, besides other grains aggregating 2,000 bushels. It is but just to state that he hires all the labor necessary in carrying on his farming operations, he having no help within himself.

A. G. Thorburn Dead.

BROADVIEW, Jan. 21.—A. G. Thorburn, Broadview's most prominent citizen, died suddenly at his residence this morning of heart disease. Deceased was in apparently good health a few hours before his death. He had spoken the night previously at the convention of the Eastern Assiniboia Liberal Conservatives at Mooseomin and the announcement of his death came with great surprise. Thorburn came to the North West in 1878, as a time when emigration thither was but in its infancy. He was always an active man in public affairs and exhibited considerable capacity in administrative work in the Territories, having sat in the legislative assembly in the sessions of 1888, 1889 and 1890. He was born in Edinburgh, Scotland, on Dec. 18, 1838, and came to Canada when quite a young man. By persistent honesty of purpose and rectitude in public life he secured honorable positions in the community. He was vice-chairman of the Mooseomin Spectator, and chairman of the Broadview Sentinel companies.

BOHARN JOINTINGS.

At the annual school meeting the Secretary's report showed that the district was clear of debt with a small balance in the treasury. J. J. Porter was elected trustee for another term.

The Boharn choir has not been able to have practice lately owing to the illness of the leader.

Mr. Lewis Bate, who is spending the winter with his son Joel, says he is greatly surprised at the N. W. winters and cannot understand the horses doing so well on the prairie.

The Parcoe Bros. are home for the winter.

Mr. Thomas Williams has gone to San Francisco to attend the mid-winter fair.

Miss May McDougall, of Moose Jaw, is spending a few days with Miss Eva Porter.

Master Bennie Thomson gave a party last week in honor of his twelfth birthday.

Miss E. Green has returned from Regina where she was attending Normal School. Miss Green will have charge of the primary department of Boharn school this year.

Miss M. Latham spent Sunday with her sister, Mrs. E. N. Hopkins.

Mr. D. Arnold has received from Ontario an Indian Gatling gun and is laying low for the gophers in the spring.

Mrs. James Porter gave an "A. Home" last week to all her Boharn friends. The evening was spent with games, music and other amusements, and all voted that we had a jolly good time.

Mr. T. Arnold has been poisoning game this winter, having succeeded in getting five wolves, four foxes and one dog.

Assiniboia Club Hall.

The Members of the Assiniboia Club Regina, entertained a large host of their friends in the new club house on Tuesday evening. The spacious billiard room was fitted up for dancing, and was decorated with great taste. Refreshments were served down stairs. The music was furnished by the N. W. M. P. string band. A number of guests came from Indian Head, Mooseomin, Qu'Appelle and other Territorial points.

Successful Bible Students.

The prizes recently competed for by members of the Methodist Sabbath School have been awarded. The theme was "The Life of the Apostle Paul" in the senior department. Mr. Wm. Gayson, Bible Class teacher, offered the prizes which were awarded last Sabbath. Mrs. G. M. Appleby securing the first prize, which was Low Wallace's new book, "The Prince of India" or "Why Constantinople Fell." The second prize was awarded to George Barber, which was a pocket Bible. The prizes in the intermediate department were given by J. E. Annable, Superintendent of School, these were awarded some time and were captured by Hugh Morrison and Laura Langford.

DRINK and the Death Rate.

The British Medical Association appointed a committee to make enquiries, in order to ascertain the average age of the different categories of drinkers, that is to say, those who refrain completely from alcoholic drink, those who indulge more or less in moderation, and those who drink to excess. This committee has handed in its report. Its conclusions are drawn from 624,000, which are divided into five categories of individuals, with the average age attained by each—

Total Abstainers,	51 yrs. 22 days
Caseless drinkers,	50 " "
Free drinkers,	57 " "
Habitually temperate drinkers,	52 " "
Decidedly intemperate drinkers,	43 " "

NOTICE.

THE following is a summary of the Regulations with respect to the manner of recording claims for MINERAL LANDS other than Coal Lands, and the condition governing the purchase of the same.

Any person may explore vacant Dominion Lands not appropriated or reserved by Government for other purposes, and may search therein, either by surface or subterranean prospecting, for mineral deposits, with a view to obtaining a mining location for the same, but no mining location shall be granted until actual discovery has been made of the vein, lode, or deposit of mineral or metal within the limits of the location of claim.

A location for mining, except for Iron or Petroleum, shall not be more than 1,500 feet in length, nor more than 600 feet in breadth. A location for mining Iron or Petroleum shall not exceed 100 acres in area.

On discovering a mineral deposit any person may obtain a mining location, upon marking out his location on the ground in accordance with the regulations on that behalf, and filing with the Agent of the Minister of the Interior, within sixty days from discovery, an affidavit in form prescribed by Mining Regulations, and paying at the same time an office fee of five dollars, which will entitle the person so recording his claim to enter into possession of the location applied for.

At any time before the expiration of five years from the date of recording his claim, the claimant may, upon filing with the Local Agent thereof, a plan of the location, and paying to the Local Agent therefor \$5 per acre, cash, and a further sum of fifty dollars to cover the cost of survey, obtain a patent for said claim, as provided in the said Mining Regulations.

Copies of the Regulations may be obtained upon application to the Department of the Interior.

A. M. BURGESS, Deputy of the Minister of the Interior. Department of the Interior, Ottawa, July 1890. 3c.

Homestead Regulations.

All even-numbered sections of Dominion Lands in Manitoba or the North-West Territories, except 8 and 26, which have been homesteaded, reserved to provide wood lots for settlers, or other purposes, may be homesteaded by any person who is sole head of a family, or over eighteen years of age, to the extent of one quarter section of 160 acres, more or less.

ENTRY.

Entry may be made personally at the local land office in which the land to be taken is situated, or if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, or the Commissioner of Dominion Lands, Winnipeg, receive authority for some one to make entry for him. A fee of \$10 is charged for an ordinary homestead entry; but for lands which have been occupied an additional fee of \$10 is chargeable to meet inspection and cancellation expenses.

HOMESTEAD DUTIES.

Under the present law homestead duties may be performed in three ways, namely, by making application for entry the settler must declare under which of the following conditions he elects to hold his land:—

1. Three years' cultivation and residence during which period the settler may not be absent for more than six months in any one year without forfeiting his entry.
2. Residence for two years and nine months anywhere within two miles of the homestead quarter section, and afterwards actual residence in a habitable house upon the homestead for three months next prior to application for patent. Under this system the settler must be taken the first year after entry, 15 additional in the second, and 15 in the third year; 10 acres to be in crop the second year and 25 the third year.
3. The five years' system under which a settler may reside anywhere for the first two years (but must perfect his entry by commencing cultivation within six months after the date thereof), breaking five acres the first year, cropping those 5 acres and breaking 10 acres additional the second year, and also building a habitable house before the end of the second year. The settler must commence actual residence on the homestead at the expiration of two years from the date of entry, and thereafter reside upon and cultivate his homestead for at least six months in each of the three next succeeding years.

APPLICATION FOR PATENT

may be made before the local agent, or any homestead inspector. Before making application for Patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands of his intention to do so. When, for any cause, the settler application for patent is made before a homestead inspector, a fee of \$5 is chargeable.

SECOND HOMESTEAD

may be taken by anyone who has received a homestead patent or a certificate of pre-emption counter-signed by the Commissioner of Dominion Lands upon application for patent made by him, or had earned title to his first homestead on, or prior to the second day of June, 1890.

INFORMATION.

Full information respecting the land, timber, coal or mineral laws, and copies of these Regulations, as well as those respecting Dominion Lands in the Railway Belt in British Columbia, may be obtained upon application to the Secretary of the Department of the Interior, Ottawa, the Commissioner of Dominion Lands, Winnipeg, Manitoba, or to any of the Dominion Lands Agents in Manitoba or the North-West Territories.

A. M. BURGESS, Dep. Min. of the Interior.
